

AU COEUR DE LA VILLE

Design by
Maison Le Loup

Description
Au Coeur de la ville translates to "in the heart of town". This piece depicts the bustling imagery of an imaginary architectural anthill and is inspired by the city of Lyon, France. It is an urban puzzle meant to nest on the wall and invite one to live at the pace of our own imaginary cities.
The piece is comprised of 12 silk-screened stoneware plates. A positioning template is supplied to wall mount them with an ingenious fixing system which requires no holes to be made.
